Public Act 12 of 2014 says, "A scheduled drill that is not conducted on a scheduled drill day due to conditions not within the control of school authorities, such as severe storms, fires, epidemics, utility power unavailability, water or sewer failure, or health conditions as defined by the city, county, or state health authorities, will not result in a violation of [the Act] as long as the school conducts the minimum number of drills required [by the Act and] the school reschedules the drill to occur within 10 school days after the scheduled date of the cancelled drill, and the chief administrator notifies the county emergency management coordinator of the rescheduled date for the drill."
